

Assessment and reporting

Purpose

To regularly monitor, assess and report on student's performance by developing a cumulative record of student achievement.

To ensure students have a clear understanding of their expected achievement;

To assist in diagnosis of student strengths and weaknesses

Guidelines

The school's approach to assessment will:

- identify appropriate strategies to maximise student performance
- use current best practice assessment methods to track and confirm student performance in relation to the Victorian Essential Learning Standards.

The school's approach to reporting will:

- comprise both written and verbal communication between relevant parties as often as required.
- involve parents in co-operative partnerships in student learning.
- highlight students' efforts and achievements.
- suggest strategies for improvement.

Evaluation

A major review will take place at intervals in accordance with the School Policies Review Cycle.
