

English

Purpose

To assist children acquire the language skills that will enable them to be successful readers, writers, speakers and listeners.

Guidelines

Language development is the responsibility of all teachers.

The English program will build on children's skills as identified by a range of data.

The English program and materials will attempt to reflect the diversity of contemporary Australian society.

Literacy needs to include a wide range of text types including media and electronically produced text.

Evaluation

Minor: Each year in line with program budgets.

Major: A major evaluation of the English Policy will occur in line with the whole school plan.
