

## **Homework**

### **Purpose**

To provide students with the opportunity to further develop and consolidate skills and knowledge at home.

To further develop communication/links between the home and school

To assist with the development of time-management skills.

### **Guidelines**

Regular reading is expected in addition to other set tasks.

Homework should take no more than 60 minutes per week.

Homework is designed to consolidate previous learning and should be linked to the student's needs.

A clear time line should be set for the completion and correction of all homework.

Homework may be set in all learning areas provided it is linked to the classroom program.

Consideration should be given to individual students' ability to access appropriate resources

### **Evaluation**

Ongoing evaluation of effectiveness in line with DEET Guidelines. Minor and major reviews in line with our policy review plan.
