

Waste minimisation

Purpose

To provide a committed whole school approach to environmental education of which waste minimisation and litter reduction play a vital role.

To send as little waste as possible to land fill.

To give students opportunities to learn environmentally sound attitudes and habits.

Guidelines

Waste minimisation and litter reduction will be included in the relevant areas of the school curriculum.

The strategies of reduce, reuse, recycle and compost will be incorporated in the school's everyday use.

Preference will be given to purchasing products that can be recycled.

Implementation

Principles of waste minimisation and litter reduction will be incorporated into the curriculum.

Paper reduction strategies will be encouraged.

Recyclables shall be collected and centrally stored for regular pick up.

A workable system of composting will be developed and implemented.

Feedback on school successes shall be publicised.

Evaluation

Minor and Major reviews in line with our policy review plan.
