## PRINCIPAL'S REPORT

### Mission Implausible

Our grade five/six production of Mission Implausible was a huge success. I'd like to congratulate all the students involved, including those who appeared on stage on the night, those who helped out behind the curtains and those who developed advertising material before the night. I'd also like to thank everyone who came along to enjoy the show. By far the biggest thank you goes to Suzanne for putting such an amazing night together, it was the culmination of an enormous amount of pre-production work. Alongside Suzanne was Katie Yeung who operated the sound, lighting and effects for the show.

### Reports

Teachers have been working hard to get semester reports ready by the end of term. We had a slight technical glitch today, but reports should be available in the afternoon tomorrow. These can be downloaded from Compass. A Compass notification will come out with instructions when they're available.

### Holidays

I hope everyone has a sensational break! Rest and relax, we look forward to seeing refreshed faces in term three.

# DPS TRIVIA NIGHT

Hi Families of DPS!

Michelle & Molly here. The DPS trivia night is almost here! Saturday 7<sup>th</sup> September. It's now time to start organising your tables of 10. Tickets will go on sale next term from the school office. Tickets are \$25 per person. This year's trivia is a little different from previous years. Here's what's new:

- This year our trivia night will be held in our school gym! Very fitting for our 'Back to School' theme.
- We are running our own bar! This means all money made from drink sales will go back to the school. Woo Hoo!
- Molly & I will be your hosts! So, get ready for a night of fun & laughs.

### Timetable for the night:

6.30pm – arrival

7.00pm – bell rings and class begins!

11.00pm – trivia ends and bar closes

11.30pm – class dismissed!

Trivia night will include a silent auction, games, a best dressed competition, time for some dancing at the end of the night and of course school themed trivia! Don't forget to bring your gold coins for the games, we will play in between the trivia. EFT will be available on the night for our silent auction winners and bar purchases.

### Money raised from the night will go towards a new play space for our students.

We are also on the lookout for some superstar people to help us set up and pack up on the day. Please contact the school office if you are able to help us out.

We encourage all families to attend the trivia night. It doesn't matter if trivia isn't your thing! The night is all about having fun, socialising, lots of laughs and raising money for our school. We would really love to see you all there!

Thank you!

Michelle & Molly

# SUPPORT YOUR CHILD'S EDUCATION WITH 12 MONTHS FREE INTERNET AT HOME

The Australian Government has established the School Student Broadband Initiative to provide free home internet for up to 30,000 eligible families with school-aged students:

- The period in which a family can apply to receive a free service is up to 31 December 2024
- The duration of free services will continue until 31 December 2025 for all existing and new families

The initiative aims to boost education opportunities. NBN Co is leading the rollout of this initiative across the country.

## How the School Student Broadband Initiative can help your child

Children who can access online learning at home as part of their education are more likely to engage in classroom activities.

Access to fast internet at home can also support children to build their digital skills, learn how to safely use the internet and take part in a world that is more reliant on digital technology.

## Eligibility

To be eligible, families must:

- have a child living at home enrolled in an Australian school
- not have an active National Broadband Network (nbn) internet service at their home (having a mobile internet service does not affect eligibility)
- live in a premises that can access the National Broadband Network through a standard connection. NBN Co will check this for you after you apply
- **Not have had an active nbn connection during the previous 14 days\***
- register interest with your school and complete a consent form to be assessed for eligibility.

\* There may be cases where exceptions can be made, once you have had your address checked, please contact the School Student Broadband Initiative team at [SSBI@education.vic.gov.au](mailto:SSBI@education.vic.gov.au) to discuss further.

## How the School Student Broadband Initiative works

Term 2 2024 No.11 Thursday 27<sup>th</sup> June

If you are eligible, your home internet service will be provided at no cost through until the end of 2025, with a participating internet provider on the National Broadband Network. Each internet provider has its own process to get you connected, which may involve you providing identification.

Once you sign up, the internet provider will help you set up your connection. The initiative does not include devices such as a computer or tablet. Other members of your household can use the internet service provided through this initiative.

The period of free internet will start from the day your service is activated with your chosen provider. At the end of the free broadband period, you will not be placed onto a paid service by your internet provider without your consent. The Australian Government is considering options beyond the free period.

## How to apply

- Ask your school for a copy of the School Student Broadband Initiative consent form.
- Complete the consent form and return to the school.
- NBN Co will use student address details on the consent form to confirm eligibility.
- If you are eligible, NBN Co will issue a voucher for your family to use to sign up with a participating internet provider. This will be provided to you by your school.

Please note: NBN Co will review the home address for eligibility. No personal information other than your main home address will be shared with NBN Co. Please see the consent form for details about how personal information will be used.
